MATERIALS

Handspun Wool

This carpet, along with Levitation, harnesses the expressive power of handspun wool.

This raw wool is rich in lanolin which creates a beautiful, intense abrash that is accentuated by the thick, coarse and low pile knotting technique. It all comes together to give a texture and feel you find in the ancient nomadic rugs of Afghanistan, a wonderful contrast to the contemporary forms of Irene Infantes' designs.

Can be produced to colour, material, size and weave specifications.
