This work by Gunta Stölzl was originally created on paper at the Bauhaus in the 1920's. Stölzl is known for her textiles as well as being one of the few women to teach at the Bauhaus., and the only woman to hold a senior role in the faculty.

All rugs are produced with the relevant institution estate or artist, closely involved in the whole process to ensure that the end result is as faithful to the original work as possible, the same as producing a limited edition print.
