Handspun Wool

Taken from from a taken from an original composition in pencil on paper, which was part of her last series of artworks. The neutral ground of the rug mimics the paper's discolouration over time, and the curved and broken lines are accentuated with a slight lowering of pile height.

All rugs are produced with Fondation Arp, who are closely involved in the whole process to ensure that the end result is as faithful to the original work as possible, the same as producing a limited edition print.
